Current Month - Quick Overview

OPS Current Month Sales Achievement by OutletName

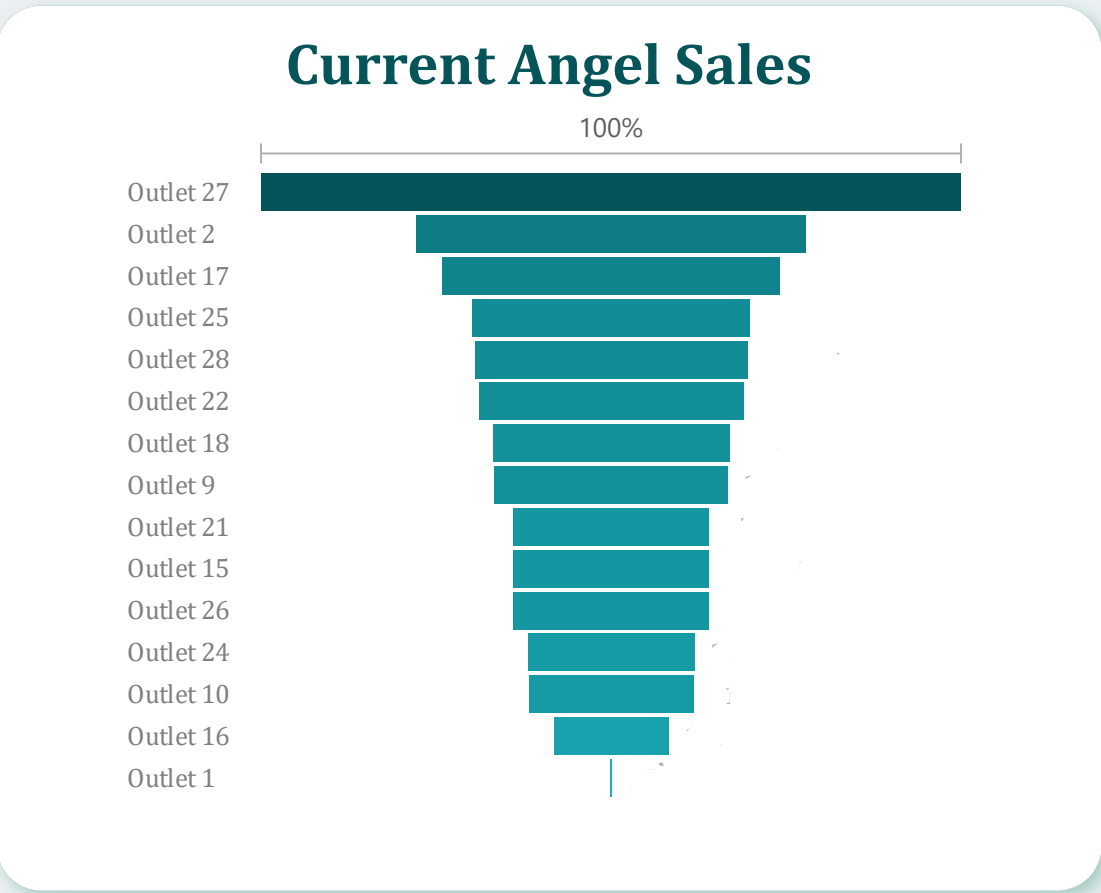

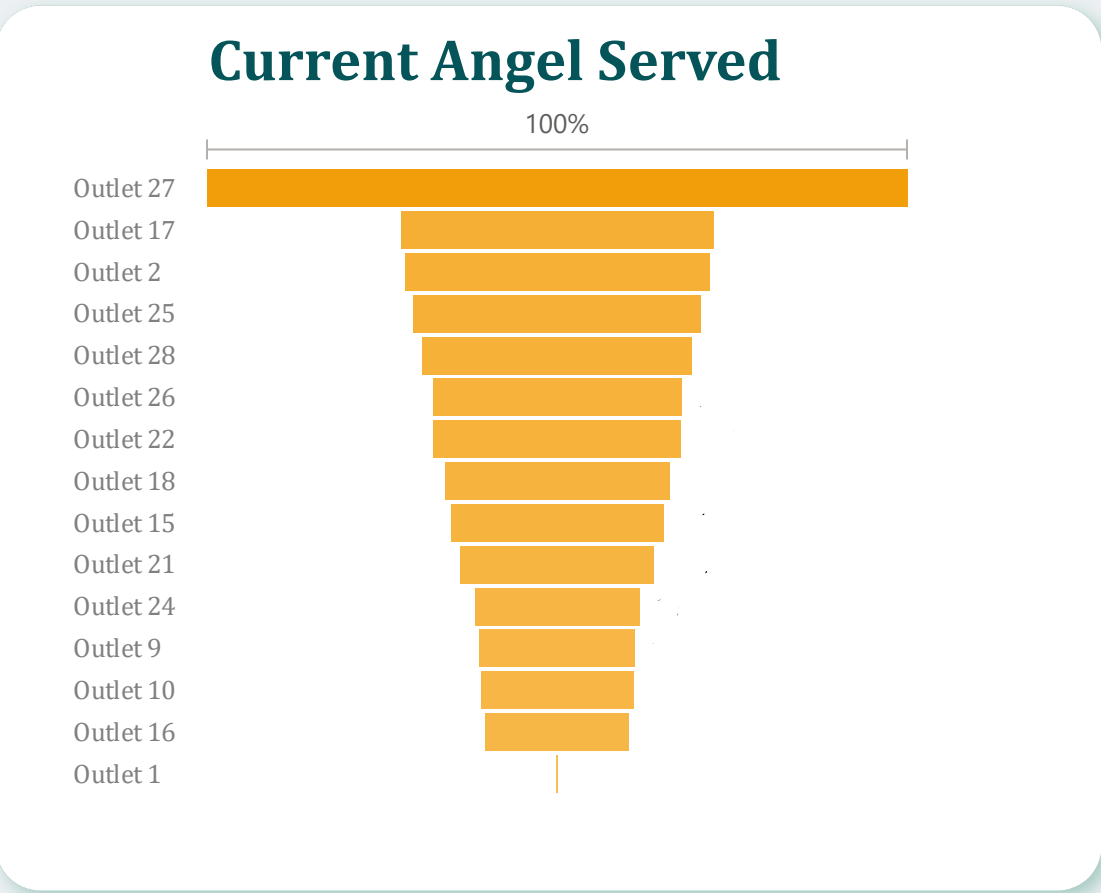

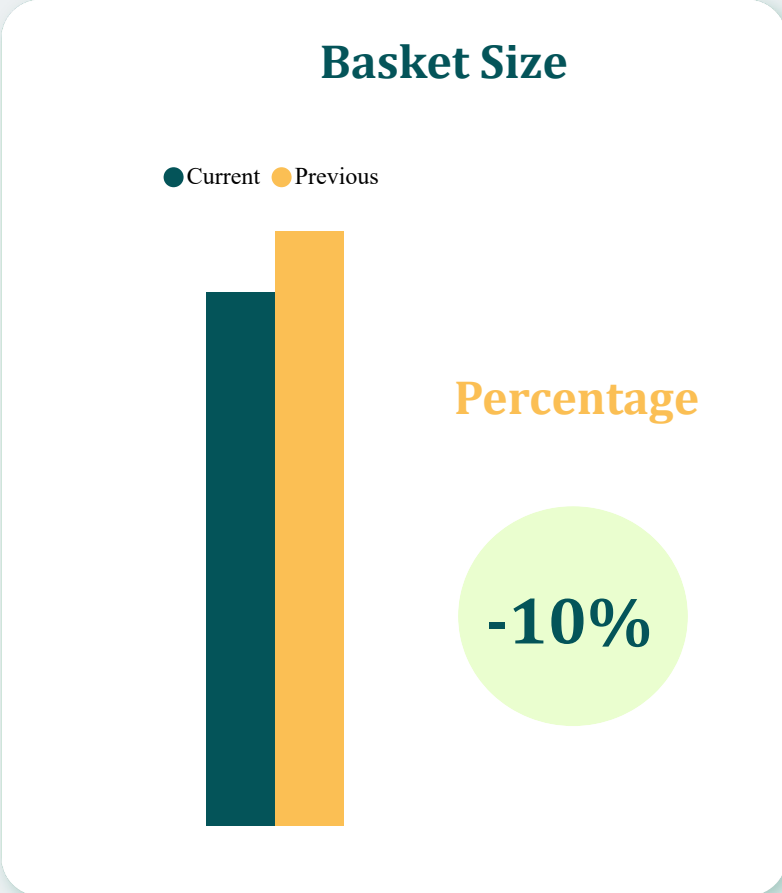

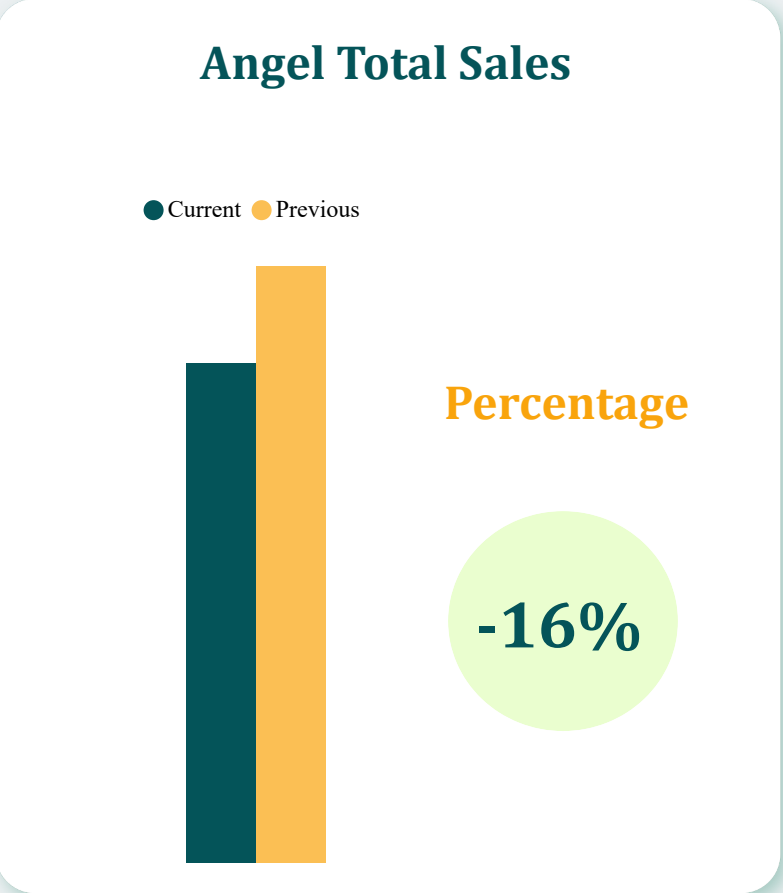

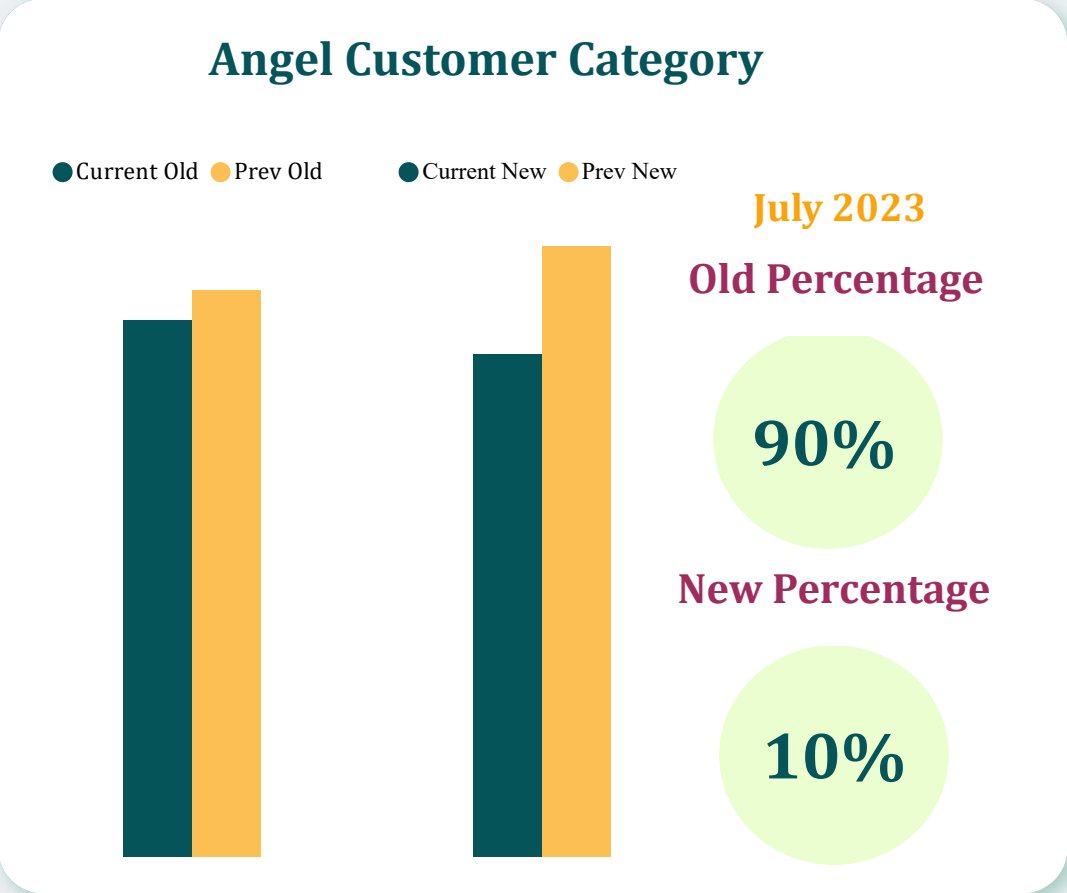

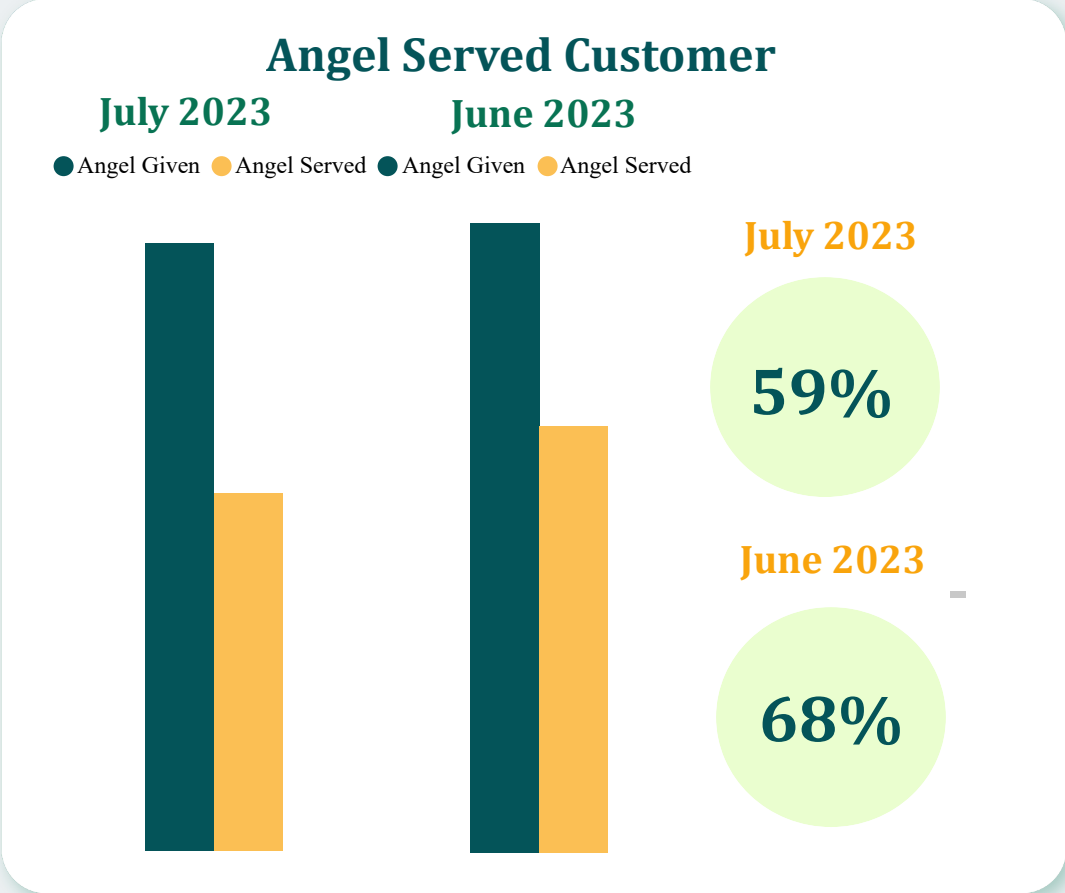

OPS Current Month Served Customer by OutletName

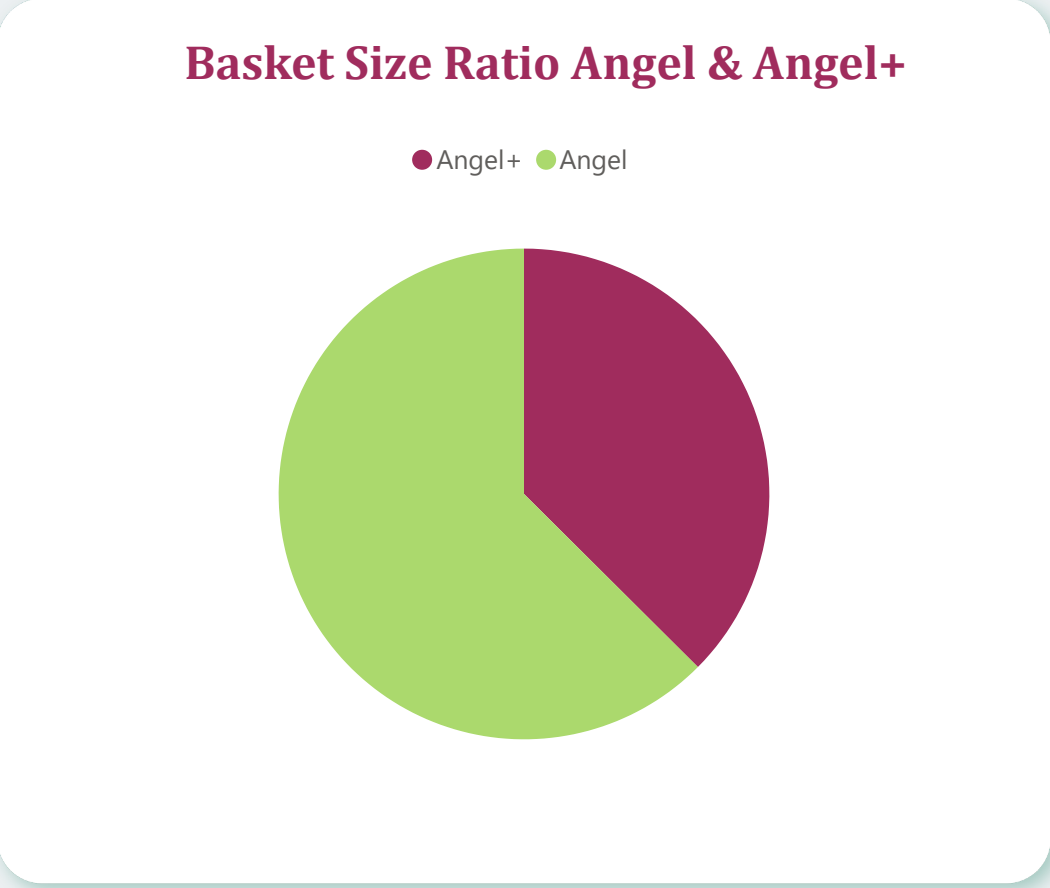

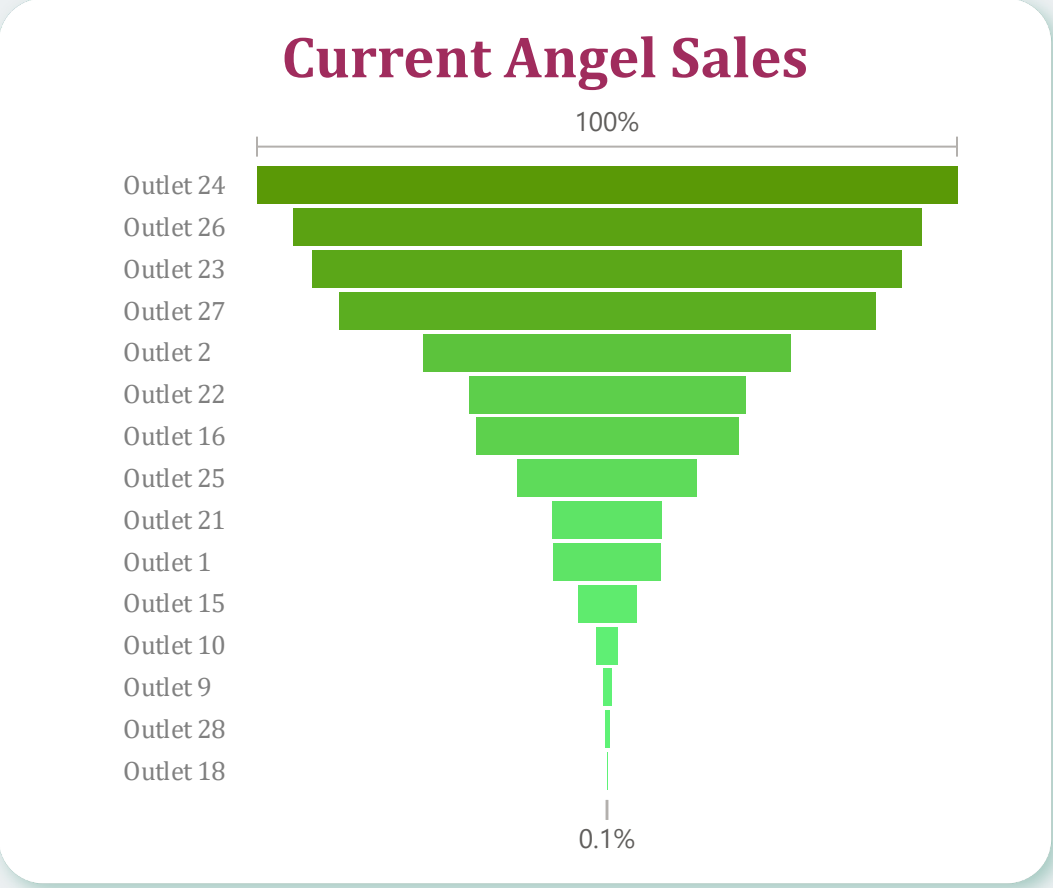

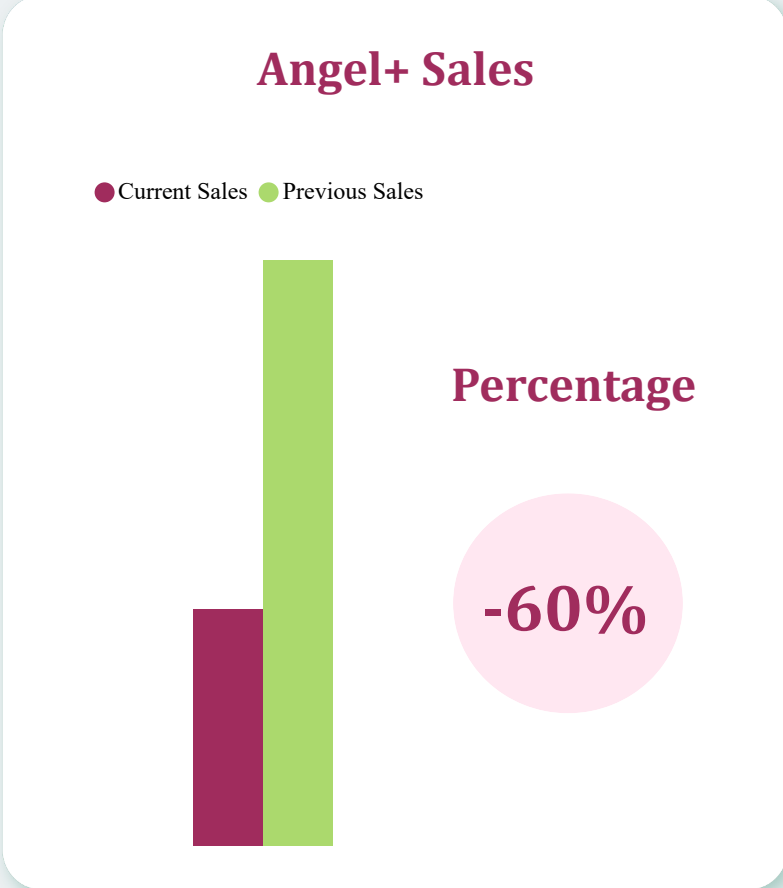

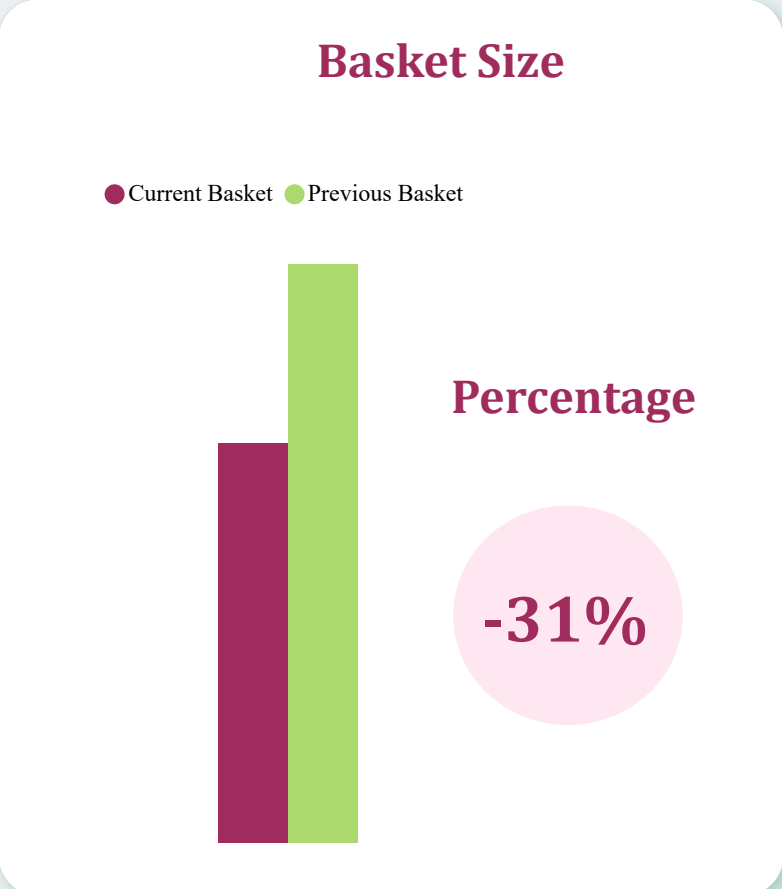

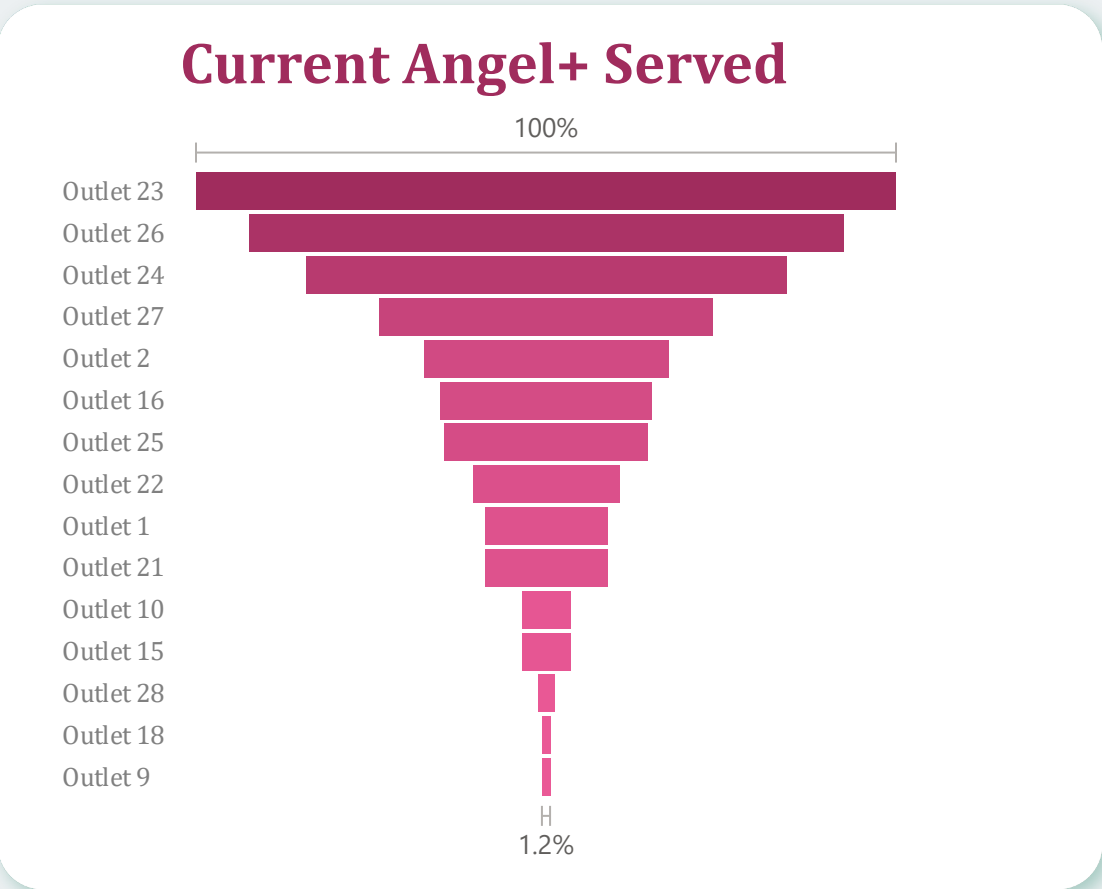

N.B.: This is a glimpse of my work that I did in my previous company. But as I cannot share any data that is why I had to remove numbers or values from the dashboard as well as I used some random numbers for design purposes such as some percentages to show growth de-growth feature that is automated. Also I have made some customization so that no valid data is visible in this demo.
